

We have the power to create a public park bigger than New York's Central Park.

Deadline: July 2017

The Kitsap Forest and Bay Community Campaign is the final phase of a multi-year effort to secure the purchase of the 3,000-acre Port Gamble Forest. The lands have served timber production for over 160 years. Pope Resources is now offering the public the opportunity to buy these historic lands as a legacy park to prevent extensive development. The mission is to raise \$3.5M by July 2017.

The future of our quality of life depends on the choices we make today. This is a once-in-a-lifetime opportunity to create a legacy for the entire region
