

# GREEN CITY PARTNERSHIPS

## A FORTERRA & GREEN SEATTLE PARTNERSHIP OPPORTUNITY FOR YOUR BUSINESS!

Join us for a region-wide celebration of our parks! Working in eight cities across the Puget Sound, the Green City Partnerships are a great opportunity for businesses and volunteers to help make their communities greener and healthier. By joining in and planting trees and other plants that will grow up to be the next generation of our urban forests, you are helping positively shape our community green spaces!

Support the collaborative vision that inspired the creation of this now nationally recognized and regionally replicated model of community stewardship, and demonstrate your commitment to making our region a healthier and greener place to live, work and play!

### PROGRAM

1,000+ volunteers from businesses, schools, churches, community groups, non-profits and neighborhoods will grab a to support and celebrate the forested parks that make the Puget Sound such a beautiful place to live.

Volunteers will plant thousands of trees and native plants, and remove invasive species for the Green City Partnerships' throughout the year and in our large, fall citywide events.

This Partnerships maintains over 1,750 acres of our region's parks and is supported by over 50,000 volunteer hours a year. This important work could not happen without the support of corporations and individuals like you!

### WHAT'S IN IT FOR YOU?

- Be recognized as a leader working to ensure a livable, resilient and equitable place for future generations.
- Achieve corporate sustainability goals.
- Engage with your employees and "give back" with an employee restoration team building day.
- Connect your brand to positive work happening in your region.

If you are interested in being a Green City Partnerships sponsor, please contact Danna Bowers at (206) 905-6892 or [dbowers@forterra.org](mailto:dbowers@forterra.org).
